

ENVIRONMENTAL POLICY

It is **Insert Your Company's** vision to be acknowledged as a leading provider of **insert what you do** services. We aim to ensure that environmental objectives are integrated into all of our activities and we consider this to be of fundamental importance to continually improve our business, **products and services**.

Our strategy is to ensure that all work carried out within the scope of our business complies with our environmental objectives and applicable regulatory requirements.

Insert Your Company will work in consultation with all persons affected by our business to:

- Establish an environmental management system that incorporates the Plan-Do-Check-Act (PDCA) methodology
- Identify and assess our environmental risks and opportunities
- Set environmental objectives and plans to address our risks and opportunities
- Provide the resources required to meet our environmental processes, objectives and targets
- Comprehensively identify and mitigate our environmental impacts in all aspects of our operations
- Protect the environment and prevent pollution, where practicable
- Ensure that all environmental mitigation actions are suitably planned, resourced and implemented
- Regularly monitor and review our mitigation actions to ensure that our environmental impact is always declining
- Meet and exceed the requirements of relevant environmental legislation and industry standards
- Clearly communicate our environmental commitments to clients, suppliers and the general public, wherever suitable
- Retain records and report on our environmental performance
- Regularly review and communicate this policy to interested parties

As **Insert Your Company**, teamwork, engagement, ownership and support by all parties is vital to achieving our environmental objectives. In this context, we are committed to providing the required leadership and resources to exceed expectations and regulatory requirements.
