

VERIFICATION OF COMPETENCY FOR AN EWP

Some example text and answers are in red below. Just delete and uncheck the answer boxes before using.

Please note: It is a legal requirement to hold a WP high risk work license when operating a boom type elevated work platform (EWP) with a boom reach of 11 metres or more.

Company:		Date:	
Assessor's Name:		Nominee's Name:	

The purpose of this verification of competency is to allow the nominee to demonstrate their understanding and ability to safely operate an EWP.

This verification of competency consists of two parts. One theoretical assessment and one practical assessment.

Section One - Theoretical Assessment

Section one consists of a questionnaire.

The nominee needs to have knowledge and awareness of the rules and other information associated with the safe use of an EWP.

To demonstrate the nominee's knowledge, the questionnaire will require a 100% pass mark. After the 100% has been achieved, the nominee can then move on to section two, the practical assessment.
